

# SLHS VISION

South Lindhurst High School is an alternative high school that provides guidance and opportunity to students who need it the most. Our school has two campuses to serve both sides of the Marysville Joint Unified School District. It is composed of 11th and 12th grade students who are behind on credits, in need of a smaller school environment, or have hopes of graduating early to pursue college or career. The structure of this program is very flexible allowing students to earn credits in 6 different ways. We pride ourselves in creating a family atmosphere that guides and supports our learners to be respectful, responsible and positive citizens that never give up! We love our community and aim to make it a better place in the future through student leadership and service. We firmly believe that every person has a talent and it is our duty to collaboratively discover and develop that talent in each learner to become a strength. The mission of South Lindhurst High School is to meet all learners where they are at and maximizes its resources to educate, support and develop the whole student to be their best.

## ACHIEVEMENT
